About Savanna – "It's dry, but you can drink it."

Savanna 0.0% Alc Free is made using the same method when making Savanna Dry. The premium cider is then de-alcoholised to less than 0.05% ABV, to deliver the same crisp, dry, and premium quality Savanna taste. Savanna 0.0% Alc Free is available nationwide in the iconic premium 330ml bottle, clearly labelled and fully compliant with South African legislation for alcohol-free products. Savanna supports moderation and responsible consumption, and all promotion of the new Savanna 0.0% Alc Free variant is in line with the code set out by the Association for Alcohol Responsibility and Education.

Savanna is a premium, crisp apple cider with a distinctive dry taste. It is one of the largest cider brands in the world and is available in over 60 countries. Since its launch in 1996, Savanna Premium Cider has won consumers' hearts and funny bones with its intelligent, dry and witty sense of humour.
